PREFACE.

In presenting the third issue of this Directory to the Tobacco Trade, the Publisher desires to acknowledge the generous assistance that has been readily accorded him whenever he has required help.

In many respects the present edition shows a marked improvement over its two predecessors. There will be found, the Publisher is well aware, many inaccuracies even now, as such are inevitable from the nature of the work. The names in over ONE THOUSAND towns have been collected and revised by far more than one thousand correspondents, some of whom have done their work excellently well, while others have not been so painstaking. With all its faults, the Publisher believes that the vast store of information the work contains will render it well worth the charge made for it.

This Directory is published in *two editions*, as follows :

The Complete (containing the lists of the Tobacconists in the towns of the United Kingdom, as well as the lists of Manufacturers, Importers, etc.). Price **15s.** net.

The Tobacconists' (containing only the lists of Manufacturers, Importers, etc., etc.). Price **2s. 6d.** net.

THE TOBACCO TRADE
BENEVOLENT ✣ ASSOCIATION.

THE TOBACCO TRADE BENEVOLENT ASSOCIATION appeals for assistance to augment the relief to decayed and suffering members of the Trade, which we regret to find has been injured by recent fiscal changes. More especially it pleads on behalf of the Orphans for help from those having votes for Asylums and Schools, who so frequently are at a loss to know to whom to give them. Henceforth all applications for admission to such Institutions bearing its recommendation will carry, as it were, a certificate of the Candidates being fit objects for the benefits applied for, as every such case will have been thoroughly inquired into by a sub-committee, consisting of well-known members of the Trade, and a hope is expressed that the kindly-disposed will bear the Association in mind when such cases are brought before them.
